

# Plastic Premium Inflator

## Gauged

Our premium fibre based inflation tool with a digital gauge. Maximize your cargo securement by putting the correct amount of pressure into your dunnage bag.

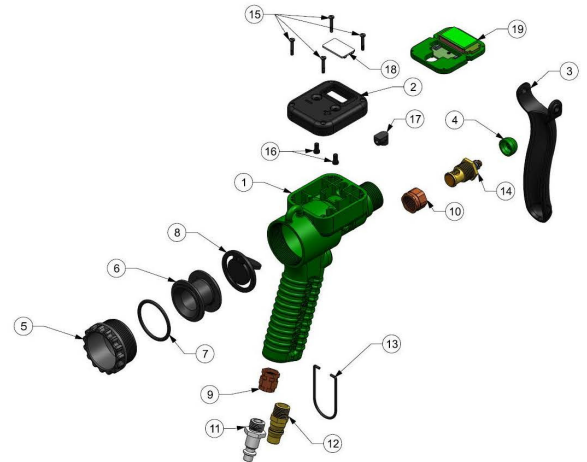

The inflator has a flap on the venturi which closes once the bag begins to pressurize, giving you the speed of a venturi and a seal to created high pressure.

Can be used and interchanged with any of our inflation tips.

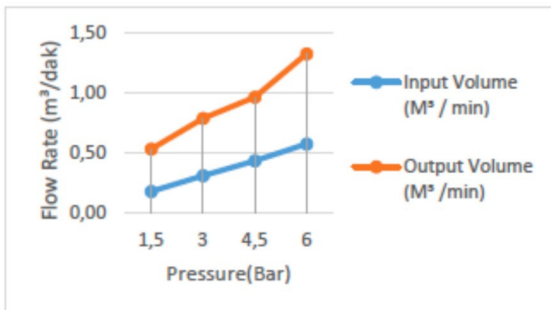

### Technical Specifications

- Material: Nylon (PA6)
- Weight: 0.30kg / 0.66lb
- Loudness: 78 dB at 6 bar /87 PSI
- Standard inlet thread: G 1/4"
- Standard outlet thread: G 3/4"
- Min. Working Pressure: 1 PSI
- Max. Working Pressure: 1.4 PSI
- Optional Inlet Thread: 1/4" NPT

Bar	Vol In m <sup>3</sup> / min	Vol Out m <sup>3</sup> / min
1,5	0,18	0,53
3	0,31	0,79
4,5	0,43	0,97
6	0,57	1,33

PART LIST	
1.	Premium Inflator Body
2.	Screen Cover
3.	Trigger Handle
4.	Trigger Push Button
5.	Rear Threaded Cap
6.	Venturi Tube
7.	Gasket
8.	Air Inlet/ Outlet Flap
9.	Threaded Metal Insert /Industrial Plug
10.	Threaded Metal Insert /Trigger
11.	1/4 NPT Industrial Plug / USA
12.	1/4 NPT Industrial Plug / EU
13.	Trigger Lock
14.	Trigger Mechanism
15.	Screws
16.	Buttons
17.	Pressure sensor connector
18.	LCD Screen data transfer
19.	Digital screen
