

## Eco Lash

### Lashing Restraint Systems for Container Shipments

Eco Lash by CargoTuff is a lashing system for securing loads in containers for lightweight goods. The lashing strap is customizable; during loading, you can cut the strap to your required length. When used with cardboard edge protectors, this system is easily customizable to your specific load.

Eco Lash is our most cost-effective lashing solution. If you prefer pre-assembled restraint systems, we recommend our Red Lash Series, or the Pro Lash Lashing.

### Technical Specifications

- Lashing strap width: 32 mm / 1 ¼ in
- Linear break strength: 2,300 DaN / 5,171 lbs
- System strength:
  - with buckle 3516: 2,820 daN / 6,340 lbs
